butter, vanilla and baking powder and again  
beat well. Add flour and beat thoroughly. Drop  
by 3/4 teaspoons onto pizzelle iron and cook at  
high temperatures quickly. Remove and shape  
very quickly into cones with fingers and allow  
to cool.

Recipe Note: After pizzelles are totally cooled,  
store in airtight container until ready to serve  
with your favorite filling and or topping. We  
serve these with the following filling for  
dessert on our Elk View Dinner Ride.

#### White Chocolate Mousse Pizzelle Filling

- 2/3 lb. Superfine sugar
- 2/3 c. water
- 1 c. egg whites at room temperature
- 2 lb. Finely grated white chocolate
- 1 lb. Tub Cool Whip thawed

Soften gelatin in 4 TBS warm water in small  
container and set aside. Mix superfine sugar and  
water together in small saucepan. Bring to a boil  
swirling occasionally but not stirring. In separate  
mixing bowl beat egg whites until soft peaks  
form. Add the sugar syrup slowly to the egg  
whites beating continually and then continue  
beating at the highest speed for 2 more minutes.  
Slowly add the dissolved gelatin mixture and con-  
tinue beating for 3 minutes at highest speed. Put  
mixture in large stainless bowl and gradually fold  
in the grated chocolate doing so gently. Cover  
with plastic wrap and refrigerate to chill  
thoroughly. When chilled, fold in Cool Whip.

*Recipe Note: To fill pizzelles: Put filling in a gallon  
size freezer zip lock bag and close tightly. Cut  
a small hole in a corner of the bottom of the  
baggie and pipe into pizzelle cones. After filling  
pizzelles top with your favorite topping. We  
prefer Michigan red raspberries for a topping.  
It is just wonderful!*
